

[Alaska 47 Sedan](#)

Our newest Alaska 47 sedan is the latest version of our biggest seller in the Alaska Range with an extended hull which includes a 40% bigger integral swim platform. This stunning sedan cruiser provides all of the living and entertaining on the one level with only 3 steps in the whole boat. The stainless saloon doors open wide along with dual flip-up rear windows to bring the outside in, this open plan is ideal for entertaining and increased livability with climate controlled air-conditioning or natural ventilation with screens the Alaska 47 is a comfortable and easy boat to own and enjoy. Dual side doors in conjunction with two stainless steel sunroofs have increased natural ventilation and the new cockpit control station makes the tasks of docking a breeze. Accommodation now boasts a master stateroom with island queen-size berth amidships with its own en-suite offering less movement and water noise than conventional forward cabin boats, the second cabin forward has 2 x large single bunks and loads of storage with a guest bathroom to port. The 47 Sedan is a renowned sea keeping vessel, powered by a pair of Cummins QSB-6.7L
